Company Profile - CPI

1.1 Introduction

Collaborative Process Integration (Pty) Ltd is a South African based company established in June 2001 and appointed as the Premium Value Added Reseller by IDS Scheer for all the ARIS and related components in Southern Africa. CPI has also been appointed the maintenance and support partner for ARIS. In 2010 CPI was once again appointed as the Value Added Reseller of the ARIS components in South Africa by Software AG South Africa.

CPI has in the past adopted a collaborative approach in partnering with other entities in order to provide a complete business process management solution to its clients. This has resulted in various specialist partnerships having being formed to address client specific needs.

1.2 CPI's Core Offering

CPI focuses on delivering on the following:

- ARIS Product Sales
- ARIS Technical support
- ARIS Report and Business Publisher Customisation
- ARIS tool integration
- ARIS Deployment support
